SKILLS & TOOLS

- **Product Management:** Roadmapping, PRDs, User Stories, Agile/Scrum, OKRs, A/B Testing, Product Prototype, Go-to-Market Strategy
- **Analytics & Research:** Google Analytics, Mixpanel, SQL, User Interviews, Competitive Analysis, Funnel Optimization, Sentry
- **Design & Collaboration:** Claude, Figma, JIRA, Linear, Confluence, Slack
- **Technical Familiarity:** LLM, RAG, LangGraph, LangChain, APIs, System Design Basics, AEO, SEO, GEO

EXPERIENCE

- **QuickyGo** Oct 2024 - Present
Product Manager Bangalore, India
 - Owned the end-to-end **product roadmap** for [core feature/area], aligning cross-functional teams across engineering, design, and operations.
 - Drove a **40% improvement in DAU** by identifying user pain points through qualitative research and translating insights into prioritized product improvements.
 - Defined and tracked **KPIs and OKRs** for the [product area], enabling data-driven decision-making and stakeholder reporting.
 - Collaborated with the design team to ship [feature name], improving [user experience metric] and resulting in [outcome].
 - Led **A/B testing** frameworks across onboarding and retention flows, iterating rapidly to improve conversion rates.
 - Worked closely with engineering to define technical requirements, manage sprint planning, and ensure on-time delivery.
 - Conducted regular **user interviews and usability studies** to validate hypotheses and inform feature prioritization.
 - Coordinated **go-to-market launches** for new features, including release notes, internal communications, and user-facing documentation.

PROJECTS

- **ClarityAI – AI-Powered Decision Journal** Jan. 2025 – Mar. 2025
Personal Project | LLM, RAG, LangChain, Figma
 - Conceptualised and built an **AI journaling tool** that helps users reflect on past decisions using **RAG-based retrieval** over their own entries, surfacing relevant patterns and biases.
 - Defined the full **product spec** (PRD, user flows, wireframes in Figma) and led a 2-person team through 3 iterative build cycles based on user feedback from **30+ beta testers**.
 - Achieved **72% D7 retention** in beta by focusing onboarding on a single “aha moment” the first AI-generated insight from a user’s own past entries.
- **NearNest – Hyperlocal Community Marketplace** Aug. 2024 – Nov. 2024
Personal Project | Consumer App, Go-to-Market, Growth Strategy
 - Designed and launched a **hyperlocal peer-to-peer marketplace** for renting everyday items within residential communities, targeting urban millennials in Tier-1 cities.
 - Conducted **50+ user interviews** to validate demand, mapped the full **supply-demand funnel**, and defined monetisation strategy (take-rate + premium listings).
 - Grew to **200+ active listings** across 3 apartment complexes within 6 weeks through referral loops and community ambassador programs, with **NPS of 62**.

EDUCATION

- **Electronics and Communication Engineering; GPA: 8.0** 2020 – 2024
Tezpur University, B.Tech Assam, India
- **Class XII; Percentage: 83%** 2020
AHSEC Guwahati, Assam
- **Class X; Percentage: 93%** 2018
SEBA Guwahati, Assam
